## WORK EXPERIENCE

**Freelance Visual Designer** | Self-employed 2017 – PRESENT

Worked in various contract and freelance roles for startup and studio spaces in the Bay Area. General graphic design, branding, logo design, motion, frontend web/email design, presentation design, and 3D.

**Animator/Designer** | Adolescent Inc. 2017 – 2017

Designed and developed 2D and 3D branding, motion, and animation concepts for a variety of advertising and television projects. Focused primarily on motion graphics, compositing, texturing, and modeling within Cinema 4D and After Effects.

**Visual Designer** | Audacy 2016 – 2017

Worked closely with engineering to design and model both 2D and 3D visualizations of space hardware and diagrams. Designed a wide variety of marketing assets including brochures, presentations, web graphics, sales booklets, and business stationary. Lead all frontend UI design for our mission operations software.

**Graphic Designer** | Gild, Inc. 2014 – 2016

Produced web and print graphics for marketing and sales objectives (presentations, emails, ebooks, advertisements, web pages, etc). Lead the visual design and development of a complete corporate re-branding, including total frontend redesign of company website.

**Graphic Designer** | SynMedia 2013 – 2014

Worked on the design team producing a variety of graphics for social media, advertising, and marketing campaigns. Also designed local business print advertisements for our weekly publication "Synthesis."

**Asst. Production Director** | KCSC Radio 2012 – 2013

Filmed and produced videos of live music performances, designed promotional web and print graphics, and photographed student-held events for web publication. Spent my last year as assistant production director leading a team of students to create photo, video, audio, and design solutions for station promotion.
